Sir:

The following amendments and remarks are being submitted in response to the Official
Action dated March 20, 2002.

IN THE SPECIFICATION:

Please replace the paragraph beginning on page 8, line 3 with the following:

Computer system 100 can send messages and receive data, including program code, through the network(s), network link 120 and communication interface 118. In the Internet example, a server 130 might transmit a requested code for an application program through Internet 128, ISP 126, local network 122 and communication interface 118. In accordance with the invention, one such downloaded application provides for an image enhancement process used in conjunction with a video mosaic process as described herein.
